Agenda

EAM Software Selection & Implementation Masterclass

Wednesday 27 November 2019
The Shard, 32 London Bridge Street, London, SE1 9SG

09:00	**Registration / Tea & Coffee / Bacon Rolls & Pastries**
09:30	**Welcome & Introduction**
09:35	**Why change your CMMS or current Asset Management System?** Have you outgrown your CMMS or Asset Management solution or are you simply not utilising its full potential? In this session we share some of the common reasons why it could be time for organisations to justify a change.
10:00	**What is out there? Critical features & functions to look for** Overview of the UK software market, including major vendors you may wish to consider. Learn the most important features and functions in any new EAM System and the benefits they bring to your business.
10:25	**EAM Mobile Solution** In this session we will look at how you can utilise the Infor Mobile functionality so you can manage your assets on-the-go.
10:45	**Refreshment Break**
11:00	**EAM Works Solution Showcase** EAM Works is our Fast-Start EAM Product which enables you to be up and running in a fraction of the time of a regular EAM Solution with all our best practice experience.
11:30	**Forward Faster into the Cloud** This session will explain cloud technology in more depth and give you a better understanding of its benefits.
12:00	**Implementation: The Right Approach** In this session we will share with you our approach to implementing systems. We will cover key stages in the project life cycle, the people and skills required to build your project team, and how you will overcome the typical objections and issues you are likely to face.
12:20	**Client Testimonial** See how our solutions have helped a client in a short presentation.
12:30	**Lunch & Networking**
